

Notes:

- Plants with no tag are from the plant list in the 1999 Management Plan for Lake Johnston Nature Reserve, corrected as per Census.
- Other plants sighted by APST members in the Reserve are marked: along the approach Mt Read Rd (MRR), along the Hercules Rd to Mt Hamilton (HAM) and, summit area, possibly in the Reserve (SUM).

FERNS

BLECHNACEAE

*Blechnum nudum**Blechnum wattsii*

DENNSTAEDTIACEAE

*Histiopteris incisa**Pteridium esculentum*

DICKSONIACEAE

Dicksonia antarctica

DRYOPTERIDACEAE

Polystichum proliferum

GLEICHENIACEAE

Gleichenia alpine e*Gleichenia dicarpa* e*Sticherus tener*

GRAMMITIDACEAE

Grammitis billardierei

HYMENOPHYLLACEAE

*Hymenophyllum australe**Hymenophyllum marginatum**Hymenophyllum peltatum**Hymenophyllum rarum**Sphaerocionium applanatum* e

ISOETACEAE

Isoetes gunnii e

LYCOPODIACEAE

*Huperzia varia**Lycopodiella lateralis**Lycopodium fastigiatum**Lycopodium scariosum***CONIFERS**

CUPRESSACEAE

Athrotaxis cupressoides e*Athrotaxis selaginoides* e*Athrotaxis Xlaxifolia* e*Diselma archeri* e

PODOCARPACEAE

Lagarostrobos franklinii e*Microcachrys tetragona* e*Phyllocladus aspleniifolius* e*Podocarpus lawrencei***MONOCOTYLEDONS**

CENTROLEPIDACEAE

Centrolepis monogyna e*Gaimardia fitzgeraldii* e

CYPERACEAE

*Carpha alpina**Carpha curvata* e*Eleocharis sphacelata**Gahnia grandis**Isolepis* sp.*Lepidosperma filiforme**Oreobolus acutifolius* e*Oreobolus pumilio**Tetraria capillaris**Uncinia compacta**Uncinia tenella*

IRIDACEAE

Diplarrena latifolia e*Isophysis tasmanica* e*Libertia pulchella**Patersonia fragilis* (MRR)

JUNCACEAE

Juncus sp.*Juncus squarrosus* i

LILIACEAE

Astelia alpina var. *alpina* e*Blandfordia punicea* e*Campynema lineare* e*Milligania densiflora* e

ORCHIDACEAE

Cryptostylis subulata (MRR)*Eriochilus cucullatus* (MRR)

POACEAE

- Rytidosperma* sp. syn.
Ehrharta sp. (either *Microlaena* or
Tetrarrhena sp.)
Poa gunnii e
Poa sp.

RESTIONACEAE

- Calorophus elongatus*
Empodisma minus
Restio sp. syn.

XYRIDACEAE

- Xyris tasmanica* e
Xyris marginata e
Xyris operculata

DICOTYLEDONS

APIACEAE

- Actinotus moorei* e
Xanthosia dissecta

ARALIACEAE

- Pseudopanax gunnii* e

ASTERACEAE

- Abrotanella scapigera* e
Celmisia asteliifolia e
Celmisia saxifraga e
Erigeron sp.
Ewartia catipes e
Ewartia meredithiae e
Ewartia planchonii e
Helichrysum milliganii e
Helichrysum pumilum e
Leptinella filicula
Olearia ledifolia e
Olearia persoonioides e
Olearia pinifolia e
Ozothamnus rodwayi e
Pterygopappus lawrencei e
Senecio leptocarpus

CUNONIACEAE

- Anodopetalum biglandulosum* e
Bauera rubioides

DONATIACEAE

- Donatia novae-zelandiae* t

DROSERACEAE

- Drosera arcturi*
Drosera pygmaea

ELAEOCARPACEAE

- Aristotelia peduncularis* e

EPACRIDACEAE

- Acrothamnus hookeri*
Androstoma verticillata (SUM, HAM) e
Archeria comberi e
Archeria eriocarpa e
Archeria hirtella e
Archeria serpyllifolia e
Cyathodes glauca e
Dracophyllum milliganii e
Dracophyllum minimum e
Epacris corymbiflora e
Epacris gunnii
Epacris serpyllifolia e
Leptecophylla juniperina subsp.
parvifolia e
Leptecophylla pogonocalyx e
Monotoca glauca
Monotoca submutica e
Montitega dealbata e
Pentachondra pumila
Planocarpa sulcata e
Prionotes cerinthoides e
Richea milliganii e
Richea pandanifolia e
Richea scoparia e
Richea sprengelioides e
Richea × curtisiae (HAM) e
Sprengelia incarnata
Trochocarpa cunninghamii e
Trochocarpa gunnii e

ERICACEAE

- Gaultheria hispida*

ESCALLONIACEAE

- Anopterus glandulosus* e
Tetracarpaea tasmanica e

EUCRYPHIACEAE

- Eucryphia lucida* e
Eucryphia milliganii e

FAGACEAE		RUBIACEAE	
<i>Nothofagus cunninghamii</i>		<i>Coprosma moorei</i>	
<i>Nothofagus gunnii</i>	e	<i>Coprosma nitida</i>	
GENTIANACEAE		SANTALACEAE	
<i>Gentianella</i> sp.		<i>Exocarpos humifusus</i>	e
<i>Gentianella diemensis</i> subsp. <i>diemensis</i> (HAM)	e	SCROPHULARIACEAE	
HALORAGACEAE		<i>Euphrasia gibbsiae</i>	e
<i>Myriophyllum pedunculatum</i>		<i>Euphrasia hookeri</i>	e
MENYANTHACEAE		<i>Euphrasia striata</i>	e
<i>Liparophyllum exiguum</i>	e	STYLIDIACEAE
